FEAR REPRISALS  
WILL BE RENEWED

Recurrence of "Black and Tan" Avenging Raids Expected—Government Called on to Stop "Lynch Law."

LONDON, Sept. 28.—Serious anxiety over the recurrence of the "black and tan" reprisals in Ireland is reflected by English newspapers, which sharply call for the government to halt what is described by the London Times as a "semi-official lynch law." Earlier occurrences in Ireland passed without such notice here, but recent rains, especially those on Rathfriland and Trim and the lukewarm criticism of the "black and tan" police forces by the government, have caused a considerable disquiet.

Condemnation of recent disorders is not confined to newspapers which are avowedly sympathetic with the Irish nationalist movement, but the conservative Graphic, which is an uncompromising critic of the Sinn Féin, declares:

"This is not calm and orderly justice and punishment, according to British ideas. It must be stopped."

FOUR U. S. FLIERS  
PICKED FOR RACE

Leaders in Balloon Flight to Join International Contest in October.

BIRMINGHAM, Ala., Sept. 28.—Although official announcement of winners in the national balloon race will not be made until records of all contestants have been carefully checked, it was indicated today that Homer E. Honeywell, Lieut. Richard B. Thompson, with army balloon No. 2, Lieut. Raafle Emerson, in charge of the navy entry, and Ralph Union, world's champion aeronaut, will be named to represent the United States in the international event which starts from Birmingham, Oct. 23.

Lieut. Thompson, who piloted the Fort Omaha, Neb., balloon, landed at Richmond, Ontario, Canada, and Honeywell, in the Kansas City II, descended at Chatham, Ontario, according to telegraphic advices received here. Lieut. Emerson landed at Graytown, Ohio, without his basket, having been forced down by an approaching storm. Upon landing at Elyria, Ohio. By virtue of his title he was expected to draw a place on the American international team.

According to announcement before the race, which started from here Saturday afternoon, three of the flyers will comprise the American team to compete for the James Gordon Bennett cup next month.

Officials in charge of the race declared it was one of the most successful ever held. There was no loss of life, nor injuries, according to latest information received, and every pilot was able to land safely although some of them encountered severe weather in the lake region.

NEGROES SEE CHANCE  
TO REPLACE JAPANESE

People of African Descent Discuss Possibility.

LOS ANGELES, Sept. 28.—The possibility of taking the place of Asiatics as farm laborers in the West was discussed today at the convention of the Industrial and Commercial Council of the People of African descent.

W. H. Sanders, a Los Angeles delegate, said he was in direct touch with at least 5,000 negroes who will come to California to take up truck gardening in case negroes of Oriental race are barred from further colonization in this state. He said the workmen would be headed by graduates of the Tuskegee institute.

Capital was subscribed for a co-operative company to market products of negro farmers through grocery stores to be established in negro communities.

An address to the American People, was issued, in which the convention declared labor to be the greatest asset of people of African descent.

SKIPPER DECIDES TO  
AVOID QUEENSTOWN

QUEENSTOWN, Ireland, Sept. 28.—The United States mail steamship company's steamer, Pan Handle State today sent a wireless dispatch announcing that she was going direct to London, France.

The Pan Handle State sailed on her maiden voyage from New York, September 18, bound for Queenstown, Boulogne and London. Notwithstanding that the British admiralty had closed Queenstown to eastbound vessels, it was reported Capt. C. M. Sloan declared he intended to carry out the orders of his superiors and take the steamer into Queenstown. The steamer is said to be the first trans-Atlantic mail boat in the United States in a generation.

Morgenthau Gives  
Democrats \$6,000

NEW YORK, Sept. 28.—Henry Morgenthau, former ambassador to Turkey, yesterday matched the president for himself and each of his four children by donating the \$6,000 to the Democratic national campaign fund.

The treaty of St. Germain was approved unanimously by the senate Friday after it had previously been accepted by the chamber of deputies. The signing of the treaty by the king re-establishes peace between Italy and Austria.

## QUAKE REPORTED

LONDON, Sept. 28.—A violent earthquake is reported to have occurred at Giarre, Sicily, according to a Rome dispatch to the Exchange Telegraph company. Giarre lies at the base of Mount Etna. The quake lasted 10 seconds. One village was destroyed and many persons were injured.

MONTENEGRINS CHARGE  
OCCUPATION ARMY OFFICERS  
WITH ORDERING ATROCITIES

WASHINGTON, Sept. 28. (By the Associated Press).—Terrible tortures and hardships were inflicted upon the Montenegrins by the Serbian army of occupation, according to an official report of a commission of investigation, appointed by the Montenegrin foreign office after the withdrawal of the Serbian troops. Copies of the report have been transmitted to the European governments and one also is understood to have been submitted to the state department.

The commission charges that "crimes committed in Montenegro were ordered by the Serbian authorities and precisely by high officers such as General Milosh Miodovitch, chief commander of the troops of occupation," and it gives the names and circumstances attending some of the alleged atrocities. The report avers that the purpose was either to force those persecuted to declare allegiance to the Serbian king or to obtain information about their relatives who had escaped from the Serbian authorities.

"Brutal violence and abuses are recorded," says the report. "For instance, cattle were seized, foodstuffs, money and house furnishings were taken away, houses and barns burned, crops destroyed, owners of houses and huts were compelled to set fire to their humble dwellings and then the soldiers pushed them among the flames where they perished."

"Women and children shut in the homes were submitted to the additional torture of being thrown in so that they might sting those gliding bodies; they even had the cruelty of putting cats under the skirts of women that were then scolded around the limbs; the animals then whipped, so causing awful pain to the victims."

COX DECLARES HE FOSTERS  
PROGRESSIVE IDEAS GAINED  
UNDER BRYAN LEADERSHIP

OMAHA, Neb., Sept. 28.—Governor Cox, Democratic presidential nominee, last night gave out a statement that he would have supported William J. Bryan for the presidency had he been a secret ballot voter. He also nominated and added that he was fostering progressive ideas gained under Mr. Bryan's leadership.

The statement of Governor Cox was in response to an inquiry from a local newspaper, regarding the position of Mr. Bryan, who has withheld support from Governor Cox. "I have known Mr. Bryan politically and personally for many years," said the governor's statement. "He has been an influence for good. I supported him three times for the presidency with my newspapers, my voice and my vote, and would have done so again this year had he been the candidate of the Democratic party instead of myself. As a matter of fact, as a young man, I gained from Mr. Bryan's leadership many of the progressive ideas which I since have endeavored to propagate."

Disapproval of "matters" in the administration of Attorney-General Palmer and Postmaster-General Burleson was expressed by Governor Cox in addressing a large audience at the Auditorium, where a strenuous Nebraska campaign was closed.

The Democratic presidential candidate said that, although he believed the two cabinet officers had performed their duties wholeheartedly, and were conscientious men, he did not endorse matters in both of their administrations. No specific affairs were stated by the governor. Governor Cox replied to several questions published in a local newspaper, a repetition largely of past experiences of the candidate with a question here as to whether he endorsed the Palmer and Burleson administrations, the governor replied: "I served in congress with both of these gentlemen. I know them to be high-minded, conscientious men and believe that their administrations were wholeheartedly performed. Yet, there are matters, both of their administrations which I do not endorse. Neither do I endorse the policy of Frank Hitchcock, an able jurist, in the United States, and his decisions were colored by his partisanship. This is merely a matter of difference in personal opinions and pertains to things that belong to past administrations."

Introduced to his audience here last night by Senator Hitchcock, who led the administration forces in the senate, Governor Cox praised the senator and repeated that "every objection to the league was corrected by the Hitchcock reservations which the senatorial majority rejected."

Questions in the local newspaper resulted in another criticism by the governor of alleged Republican "accusations," who, the candidate repeated, were sent ahead on his itinerary under orders from Chairman Hay of the Republican national committee to embarrass the Democratic campaign.

Nebraska gave the governor a able jurist, with bands, alien whistles and decorations. At Lincoln, he was paraded to the capitol, and last night through crowds at Omaha.

GROWTH OF FOUR  
STATES SLACKENS

Census Figures Announced for Illinois, Louisiana, Montana and New Mexico.

WASHINGTON, Sept. 28.—Four states, the 1920 populations of which were announced today by the census bureau, showed the lowest relative increase in their respective relative increases over preceding decades.

Illinois has a population of 6,455,098, an increase of 54.507, or 15 per cent over 1910. The state is expected to maintain its rank as the third most populous state, although its 1920 population shows the lowest relative increase in the state's history, falling short of the 1910 percentage increase by 1.9.

Louisiana, with a population of 1,797,728, increased 14,410, or 0.8 per cent over 1910. The state showed both its smallest numerical and relative increases since 1870. Its 1920 rank can not be determined until other states which ranked directly above or beneath it in 1910 have been announced.

Montana, with a population of 547,592, showed an increase of 171,540, or 45.6 per cent over 1910. This was the state's largest numerical increase. Its population shows the lowest lowest relative increase of 1910 by 8.3. The state ranked 40th in 1910 but showed New Hampshire in the 1920 rank.

New Mexico's 1920 population was announced as 360,247, an increase of 10.7 per cent over 1910. The figures show the state to have made the lowest numerical increase since 1880, when the growth was 27.691, and the second lowest relative increase in its history. New Mexico, ranked as 44th state in 1910, but passed Vermont in this census.

WORKERS RESTORE  
PLANTS IN ITALY  
TO THEIR OWNERS

TURN, Italy, Sept. 27.—Industrial plants which had been occupied by workmen were returned to the owners today. Before exacting the works the men filled trenches, which they had dug around them, removed barbed wire entanglements, which had been placed in the way, and when they left carried with them their arms and ammunition, which were concealed in private homes.

Senators of plants report that, after inspection, they found there was a great waste of materials during the occupation. It is asserted the men used five times the amount of coal necessary to run the plants, and that all reserves are exhausted. Losses amounting to 2,000,000 lire were caused by a fire which broke out in a large lace factory which had been occupied. It is believed the fire was incendiary.

Statistics shown by the local section of the federation of labor prove that of 50,000 metal workers in the city, only 38,000 voted during the referendum by which the men decided to return the occupied plants to their owners. The other 14,000, it is asserted, were prevented from going to the polls by the extremists.

16 SPEECHES IN DAY  
ON PROGRAM OF COX

SIOUX CITY, Sept. 28.—A day's campaign, calling for 16 speeches, equalling the record mark, was begun here today by Governor Cox. A brief before-breakfast talk here at the station headed one of the hardest programs of the Democratic presidential candidate's trip. From here a special train headed by the South Dakota committee was engaged to take him on a tour of 14 cities in the south and eastern parts of South Dakota. His address here today was a lively engagement on the governor's itinerary.

The course of nations and agricultural questions were the major topics of his South Dakota tour, which followed hard on the heels of the dozen speeches the governor made yesterday throughout Nebraska, closing at Omaha last night.

## COUPLE HELD.
